

MEET GRETCHEN SABEL

“

Gretchen Sabel spent 35 years working in environmental programs for the State of Minnesota, retiring in 2014, when she was able to find her second career with the League of Women Voters. She became the first Chair of LWV Upper Mississippi River Region when it was formed in 2015, and has served on the Board since that time. Her current role with UMRR is as Communications Director, where she manages the website, writes blog posts, and sends out a monthly newsletter.

As well, Gretchen is President of her local League (LWV ABC in Minnesota), which keeps her busy most days. She also works with LWV MN on some committees as time and energy permits. In her spare time, she is a grandmother to eight active children. Her favorite thing about League is the friends she's made around the country, and she really appreciates the chance to meet up with League'ers at meetings like this one.
